YONKERS.

On Friday evening William Allen Butler gave his annual reception at his home, Round Oak, in Pali-ade-ave. He was assisted in receiving by his wife and Miss Mary Marshall Butler, Miss Harriet Butler, Mrs. William Allen Butler, Mrs. Butler, Mrs. William Ailen Butler, jr., Mrs. Charles Henry Butler, Mrs. George P. Butler, Mrs. Howard R. Butler, Miss Hawley, Miss Lawson, Miss Heernance, Miss Flagg, Miss Baird, Mrs. Holmes, Miss Holmes, of Yonkers, and Miss Healy, of Brooklyn. From 8 until 11 o'clock in the evening there was constant string of carriages passing in and out of the place. Between four and five hundred persons "dropped in" during the evening. The floral deco-rations were elaborate. In the hallway were seven ty American beauty roses in a vase, emblematical of Mrs. Butler s age; in the library a curiously constructed floral piece represented Mr. Butler's family. Seventy carnations on the outer edge of the picspoke for the host; a wreath of forty-five carnainside represented the forty-five years of his married life; another circle of pink roses, the children; a row of jonquils, the grandsons, and a row of pinks inside this, the granddaughters; a white rose in the

a row of jonquis, the grandsous, and white rose in the centre of the piece standing out alone brought to mind the granddaughter whose memory is thus kept green.

The choir of St. Mary's Church rendered "Trial by Jury" in St. Mary's Hall on Friday night before a large audience. Those who took part were Charles F. Canavan, James N. Craft, William J. Shallew, R. Emmet Browne, Julian Jordan, Miss Mary McGowan, Miss Maggie McGowan, Miss Connoily, Miss Cummings and Miss Sara Berrian.

The Rev. Henry M. Warren, of the Central Baptist Church, of Salem, Mass, will exchange pulpits today with the Rev. Frederick M. Davenport, of the First Methodist Episcopal Church, of Yonkers. It was at the Salem Church that Mr. Davenport first attended service.

The Rev. William P. Bruce, of Greenville, N. J., has accepted a call to become pastor of the Park Hill Reformed Church, of this city. He will enter upon his duties the first Sunday in April.

The Republicans of Yonkers have nominated William Riley and Harry J. Ritchie for justices of the peace, to be voted for at the charter election next month. The Democrats have as yet made no nominations.

MOUNT VERNON.

The full-dress rehearsal of the farce "The Mouse Trap," by W. D. Howells, which was originally planned for the benefit of the Ladies' Aid Society of the Presbyterian Church of Mount Vernon, was given at the home of Mrs. Charles H. Stecker of Friday night and was a pronounced success. The arrangement of the rooms was such that almost the entire first floor was converted into a large auditorium. The farce was preceded by a duet by Mr. and Mrs. V. V. Beard; a barytone solo by George L. Robinson; soprano solo by Miss Fanny Granbery Levy, and recitations by Miss Corwin. Charles O. Frankenberg took the part of Mr. Campbell, and his manners, carriage, facial expressions and his decla-mation were so natural that the audience almost lost sight of the fact that it was a play. The same opinion was expressed of Mrs. W. J. Burns, who took the part of Mrs. Somers. The other parts were done well. Refreshments were served, and ther dancing followed. Among the 125 persons present were Dr. and Mrs. Andrew Fay Currier; Dr. and Melville S. Page, Dr. and Mrs. Lewis Sageman; John Irwin, Miss Mary Irwin Brinckerhoff, Miss Emily Brinckerand Mrs. Dinegar, Mr. Graham, the

NEW-BRUNSWICK.

Chief Justice Beasley, at Trenton, has rendered an important decision regarding the case of Caleb Cramer vs. the Water Commissioners of New-Brunswick. The opinion confirms a formal ver-dict given by a jury last April. On February 8, 1882, a contract was entered into between Mr. Cramer and the Water Commisioners, by which the former was to be general superintendent of the city waterworks for a term of five years, at a salary of \$2,500 yearly, to be paid in equal monthly pay-ments. He held the place until June 12, 1893, when he was discharged and F. A. Hoffman elected in his place. The personnel of the Water Com-missioners had changed in the meanwhile, and it was generally understood that the removal of Cramer was at the behest of Miles Ross, the Democratic boss. The Water Commissioners in removing Cramer alleged that no board had a right to bind its successors by a contract. Cramer brought suit for his salary for June, 1883, and to secure a decision of the court as to his rights to the office. The case was tried before a jury in the Common Pleas Court, and a verdict was given for the plaintiff. Judge Rice certified the case to the Bupreme Court for a ruling as to the law. The decision, given this week by the Chief Justice, holds that the Water Commissioners had legislative authority to employ assistants; that the office is not a public one and that Cramer should not have been dsicharged under the contract.

This decision will compel the Commissioners to reinstate Cramer for the rest of the term, which will run until February 8, 1897, and will compel the city to pay him his salary at the rate of \$305.33 a month from June 1, 1833, to the present time. cratic boss. The Water Commissioners in remov

THE ELECTRICAL WORKERS HOLD OFF FOR DE VELOPMENTS-A LETTER FROM MRS. LOWELL. There were few developments in the strike of the electrical workers yesterday. "I cannot believe that these statements are true, for, if true, they seem to prove that organized labor in this city has neither honor mor intelligence. Nevertheless, these statements, while uncontradicted, must and should prejudice the public against organized labor, and I write to beg that you. Mr. Strong, Mr. Cowan and Mr. Cole, of the trades which are maligned, and also as members of the New-York Board of Mediation and Conciliation, make a public statement of the facts. If the truth or anything like the truth has been stated, which I will not believe until I have better authority, then it seems to me that the only course for the people who believe in the organization of labor and joint boards of employers and employes, is to come out publicly on the original strike of the electrical workers and of the sympathetic strike, for the causes we believe in are in danger of being permanently discredited by such action. If agreements are to be broken it is far better not to make them, and we should protest against such dishonesty."

BURGLARS IN AN APARTMENT-HOUSE.

A. E. Klein, a lithographer, who lives on the first floor of an apartment-house at St. Nicholas-ave, and One-hundred-and-twenty-ninth-st., was robbed last night of goods worth about \$500, including a gold watch, jewelry, several diamonds, a fur wrap, and a quantity of lace handkerchiefs which Mrs. Klein recently got from Paris. Mr. and Mrs. Klein and Mrs. Paul, Mrs. Klein's mother, were away, and when Mrs. Paul came back at 10 o'clock she found the rooms turned upside down and a win-dow open. It had been forced from the outside, and the burglar had left his cold-chisel lying on the table. The only piece of jewelry that escaped his eyes was a diamond ring which Mrs. Paul found under a rug, where it had fallen.

The proprietors of this best of remedies now furnish a great quantity of testimonials from clergymen in every state, and almost every city and town in the country, from which the following are taken at random:

REV. CHARLES C. BRUCE.

REV. CHARLES C. BRUCE.

From Somerville, Mass., Boston's wealthy suburb, Charles Cromer Bruce, one of the ablest young pastors in the State writes:

"I am nearly 38 years of age and weigh normaily 158 pounds, at present my weight is 148½. My sickness took me down to 134½, so that you can see that I am getting back to myself, and, God willing, shall soon be there.

"I have been a very sick man, but owing to the goodness of the supreme powers I am now on the royal road whose end is perfect health.

"After twenty years of excessive labor in studying and preaching. I was elected to a position in a high school in Boston, but the work told on me and I grew ill. The Illness lasted for about a year and a half. But now I am so that I can see the end, and a more thankful man you never saw. A gentleman who lived near me began to use Paine's celery compound and it built him up. I thought of this and soon I was led to use it, and it has brought me out all right."

ST. THERESA'S ACADEMY.

Mother Theresa, writing from St. Theresa's academy, near Peoria, Ill., says that they have given Paine's celery compound a thorough trial and found it to be all that is claimed for it. She adds: "We shall continue its use and also recommend it to our friends."

REV. T. F. STAUFFER.

The following testimonial from a man so widely known and beloved as Rev. T. F. Stauffer, pastor of the Faith Reformed church of Lincola. Neb., is a most positive proof of the wonderful medicinal power of Paine's celery compound and its great superiority over or linary sarsaparillas. onics and nervines.

"For nearly a year past I have felt myself run-ning down. My nervous system was gradually growing worse; I had slight symptoms of rheu-matism, and was troubled a good deal at times with insomnia. I felt that something must be done, and concluded to use Paine's celery com-pound. After the first few days' use I began to improve and I am very much better now. In-deed, I feel like myself once more. All symptoms of rheumatism are disappearing. I can sleep well, my pervous system is rapidly improving of rheumatism are disappearing. I can sleep well, my nervous system is rapidly improving, and I believe a radical cure is being effected. Paine's celery compound is a splendld remedy, and I can conscientfously commend it to the suffering in like cases. I further believe that if this medicine were taken in time it would save many heavy doctor's bills. I have never used a remedy of any kind that met its promises so well and so readily."

EDITOR OF THE GEORGIA BAPTIST.

Rev. W. J. White, D. D., editor of the Georgia Baptist, says: "My wife was in poor health. I think it a sort of general debility which caused severe attacks of heart palpitation. She was favorably impressed with Paine's celery compound and procured it at once. She felt benefited from the first bottle, and I see a decided improvement which is gratifying. We have spoken of this medicine to several friends, and several have already used it upon our recommendation."

RECTOR OF ST. ANNE'S, NASHVILLE. Rev. T. F. Martin, rector of St. Anne's church at Nashville, gives his people confidence in the great curative powers of Paine's celery com-

pound He says:
"During the Lenten season last year, which, on account of multiplied services, is very trying and laborious to a clergyman, I became so run down that I feared I would not be able to hold down that I feared I would not be able to hold out to the end. Having seen accounts of the efficacy of Paine's celery compound in similar cases, I concluded to try it. I was soon delighted to find that it gave me new vigor, and by the use of one bottle I was enabled to get through the most laborious part of the season, including Holy Week and Easterday, with ease and comfort. I attribute my relief to Paine's celery compound. I keep a bottle of it on hand and whenever I have a return of the feeling of exhaustion from unusual labor I take a few doses, always with a pleasant sensation of relief." pleasant sensation of relief."

THE UPPER IOWA CONFERENCE. Among the many very able ministers in the upper lowa conference none is better beloved by his church than Rev. B. F. Berry. Read of the great good that Paine's celery compound did him.

"For three years I have suffered from indigestion constitution and billousness. I have

gestion, constipation and billiousness. I have taken three bottles of Paine's celery compound and find myself wonderfully helped. I feel rested now mornings, and no longer have any tired and stupid feelings. Therefore I take great de-light in recommending Paine's celery compound to all suffering from these disorders."

THE VENERABLE WILLIAM A. SMITH.

Rev. William A. Smith, of Groton, Conn., after years of work, is still well and active. He writes: "In my early days, by great and prolonge mental suffering, I broke down in health and be "In my early days, by great and prolonged mental suffering, I broke down in health and became a dyspeptic, being obliged at one time to give up my work in the ministry on account of ill-health. I am now 83 years of age, and during my long life have suffered greatly from dyspepsia, torpid liver, constipation and insomnia, at times thinking I should die for the want of balmy sleep, and it is a wonder to me that I am alive to-day with all that I have been through.

"I have tried an endless amount of medicine, but lately I have been taking Paine's celery compound, and have all faith in its merits as adapted to my case. By the use of several bottles I so far recovered my health as to consider myself a well man for my age. It regulates the liver, stomach and bowels without any question. My appetite is now good, my sleep is refreshing, my liver active and bowels regular, and my crutches not needed, as I can walk without a staff. I am daily increasing in strength and improving generally, and hope that my youth will soon be renewed so that I can work as in bygone days. People are surprised at my improved appearance and activity."

NEW-YORK CITY CLERGYMEN.

Interviewed by a reporter in this city the other

Interviewed by a reporter in this city the other day, a large number of clergymen expressed the heartiest indorsement of Paine's celery compound. The interviews were published in the World. Here are a few of them:

Rev. H. L. Granlienard, pastor of the French Presbyterian church, who lives at 143 West 16thst. said: "I have frequently been relieved of nervous affections by the use of Paine's celery compound. I think it a most reliable remedy and shall recommend it whe ever I have an opportunity."

Rev. R. D. Winn, pastor of the Abyssinian church, said: "My career as a minister of the gospel has been hampered by the fact that for years I have suffered from nervousness. I consulted several specialists, who treated my case for months, but I must say that during the past few weeks I have received more benefit from one bettle of Paine's celery compound than from all bottle of Paine's celery compound than from all the other medicines taken." The recent indorsements of the great remedy by Rev. Fr. A. Ouellet, Rev. Mr. Laird and other

prominent divines have so recently been published that they are fresh in the public mind.

REV. G. A. EMERY.

REV. G. A. EMERY.

Rev. G. A. Emery, of Pittsfield, Vt., writes:

"Paine's celery compound is the best medicine to be found and I very cheerfully recommend it to all who are in a run-down or exhausted condition. I have twice used it with most satisfactory results. For five years my work has been very heavy, especially so during the last two years. My conviction was that unless I found something to help me I must give up my work as a minister, but I took Paine's celery compound and last year came out all right, without a vacation of so much as one Sunday. I recommend it to all as a wonderful nerve restorer."

REV. B. S. CROSBY.

REV. B. S. Crosby, of Eushton, N. Y., says:
"It gives me great pleasure to add my testimony to the effect of Paine's celery compound. For eight years I have suffered great pain in my back. Last April I was so weak and nervous that I arranged to go to Montreal for treatment, but three days before I expected to go a friend of mine urged me to take Paine's celery compound. I went that day and bought a bottle and commenced to take it, and before I had taken the first bottle I was free from pain in my back and menced to take it, and before I had taken the first bottle I was free from pain in my back and could sleep sound, and am able to preach every

Sunday.
"I will gladly answer any one who may write to me about it. I trust your business will continue to prosper until the afflicted ones of the entire nation shall take Paine's celery compound and be revitalized."

WAS CAUSED BY GRIP.

Rev. Dr. J. F. Hall, of Mountville, is one of the best known ministers in southeastern Ohio. Mrs. Hall, whose life was despaired of, was restored to health by Paine's celery compound. She

Hail, whose life was despaired of, was to health by Paine's celery compound. She writes:

"The grip made a wreck of my natural good health. I suffered from continual headache, which prevented sleep and caused me to have palpitation of the heart when startled by any unexpected noise or sound. I had distressing pains in my back and side, was constrated bilious, and sailow-complexioned. My pulse was very changeable, sometimes quick and at others scarcely perceptible, appetite poor, with a feeling of languor and weakness at times almost overcoming me. It seemed as if every organ of my body was diseased, and I was in despair of ever being well again. At times the grave seemed very near. I can never describe my terrible sufferings, and it would have been a great relief to have exchanged worlds but like every mother. I would look upon my baby boy and cling to life. "Not having much faith in advertised medicines, it was with reluctance that I began to use Paine's celery compound, but after the first dose I slept well. My improvement was rapid; I took six bottles and gained between 20 and 25 pounds in weight, and now I am fleshy, ruddy cheeked and clear complexioned, the wonder of all my friends. I do my own work and assist my husband in his labors as a minister of the gospel. I always tell the sick and suffering what this grand compound has done for me."

FOR ALL SUFFERERS.

Rev. Percy T. Fenn, rector of St. John's at Boonton, N. J., writes:

"It gives me great pleasure to commend the use of Paine's celery compound to all those suffering from nervous troubles. I had suffered for two years with nervous prostration brought on by overwork and excessive study, and during this time had tried almost everything in the way of medicine, besides being treated by an eminent specialist in nervous diseases, but nothing helped me until I used Paine's celery compound. This remedy has been of great benefit to me, and I shall always recommend it to all sufferers."

The fact is, Paine's celery compound makes people well. Try it and be convinced.

STALLED IN FRONT OF AN EXPRESS TRAIN.

A Newark (N. J.) trolley-car, with a big load t passengers, had a narrow escape yesterday after-noon from being smashed into kindling wood by a train on the Pennsylvania Railroad. As car No. 6, of the Harrison line, coming up South Market-st, neared the track, the warning bell was sounded station about 2.39 o'clock, making no stop. Just the trolley-car reached the Pennsylvania tracks son, gave out, and left the car stalled on the tracks directly in the path of the frain. Then the flag-man, warned by the electric signal bell, began to let down the bars, shouting to the motorman to "Hurry up?" But the latter was unable to do anything, and the railroad people hastened to flaz the train. The ringing of the bells, the shouts of the flagmen, and the excited, pale faces of the conductor and motorman, warned the passengers that something was wrong, and they began a hur-

ried exit from the car.

Men, women and children jostled and pushed their way from the car and fled to the sidewalks. Frightened and trembling. As they left the car the big engine of the express train appeared around the bend. The engineer sighted the warning flags and promptly reversed his lever, the sudden jar sending the water subshing from the tender in lets sending the water splashing from the tender in jets that spurted out half a hundred feet. The engineer's efforts were successful, and the engine came to a standstill about ten feet from the place where the car was standing.

ST. PAUL'S LOSS OF EARNINGS. Chicago, Feb. 21.—The earnings of the Chicago, Milwaukee and St. Paul Rallroad for the third week of February were \$485,363; for the corresponding week of 1891, \$508.233; decrease, \$23,870.

WESTERN RAILWAY INTELLIGENCE. Chicago, Feb. 23.-A meeting of the Western Trunk Line Committee has been called for next Wednes-day for the purpose of ascertaining what roads innew organization. It is not thought from the present outlook that the Rio Grande Western will be one of those to come in. Its attitude has always been in considerable doubt, and lately Passenger Agent Bennett has intimated that he will not sign the agreement on account of the difficulty of ar-riving at terms with the Union Pacific, which, however, is ready to make all reasonable concessions for the sake of harmony. Several other matters of importance will be considered at the meeting. A rumor that the "Big Four" had gained control of the Chicago and Eastern Illinois is emphatically denied by the officers of the latter road.

THE CANADIAN PACIFIC DIVIDEND. Montreal, Feb. 23.-At a meeting of the directors of the Canadian Pacific Railroad Company to-day erence stock was declared, but in view of the con tinued and unexpectedly large decrease in earnings and the advisability of maintaining as strong a po-sition as possible during this period of unwonted depression in business, the board decided that it would not be prudent to pay any dividend on the ordinary shares for the last half of the year 1894.
